

Notes of the Comprehensive Plan Meeting held Monday, March 28, 2011, at  
6:00 p.m. at Lava City Hall, 115 West Elm, Lava Hot Springs, Idaho

Present: Susan, Mike Vice, Rita Anderson, Mark Lowe, Randy Benglan, Cathy Sher, Vicky Lyon and Trish Avery

### **Protecting Natural Surroundings Chapter**

The committee read through the chapter and made notes of correction needed. It was decided that creating a stormwater management plan should be added to the chapter. The committee made edits to the chapter. It was decided that "infill" should be added to the list of definitions.

Susan will now put the chapters together into one document along with demographic data that was collected. When she has it put together she will email it to each of the committee members for their review and comments. When the committee review is complete the draft will be sent out to the agency list for review.

It was suggested that Trish post at the post office a notice that people can get a copy of the draft at City Hall or from the city website.

There was some discussion of the 2010 census data. Susan stated that she had not been able to get the current census data on some items yet. When the 2010 census data is available an appendix will be added to the plan.

It was decided that the committee would need to meet at least one more time to complete the "Future Use Map" for the plan. The committee decided to have a community meeting the first week of May to get input from the community on the Future Use Map.

### **Schedule Next Meeting**

The community meeting was scheduled for May 5, 2011 at 7:00 p.m. The purpose of the meeting is to get community input on the Future Use Map. Trish will make arrangements for the community building. The committee will then meet on May 9, 2011 at 6:00 p.m. to finalize the Future Use Map.

### **Adjournment**

The meeting adjourned at 7:00 p.m.
