FUTURE USE MAP

REVIEW MAP FROM COMMUNITY MEETING

The committee reviewed the map with input from the community meeting held in May 2011. It was noted that the map is a compilation of the maps done by eight different groups at the community meeting. Many of the items on the map are included in the Business and Economic Development chapter as suggested possible business opportunities.

WORK ON FUTURE USE MAP

The committee worked on the future use map. Trish made notes on the map as decisions were made on zoning and use recommendations. She will put together a map and then have the committee review it before proceeding to have a map prepared for use in the Comprehensive Plan.

ADJOURN

The meeting adjourned at 8:30 p.m.
