WELCOME

Flow Chart

The committee reviewed the flow chart. Susan pointed out that the committee is close to finishing the rough draft. Once the rough draft is complete, SICOG will send the chapters to the agency list for input, put the final draft together, present to the city council and hold public hearings. Once the final draft is done Susan will have a few of the committee members review it and make editing suggestions. The committee will need to attend the public hearings. It was suggested that the public hearings may need to be held at the community center.

Chapters

drafted

The committee reviewed the chapters that the rough draft is completed which are: Community Unity, Housing, Optimizing Resources, Zoning, and Business and Economic Development (almost finish).

The committee discussed making the draft of the plan available for the community to review. Trish reported that she has been putting the chapters on the city website as the draft is complete. Cathy suggested making printed copies of the plan available at the library, museum and city hall as well as on the website.

remaining

The chapters left to work on are Transportation and Preserving Natural Surroundings. The committee also needs to complete the Future Land Use Map.

Invitations/Guests

The committee decided that it would be good to have a city/community planner visit Lava and give ideas on the Business and Economic Development chapter. Susan will make arrangements.

Business Development and Recreational Opportunities

Susan had made up cards with one of the goals, objectives and strategies which the committee had listed at the last meeting on the cards. The committee worked on arranging them into goals with applicable objectives and strategies. Susan will take this work and compile it into the chapter.

Determine Next Work Session

The committee will work on the transportation chapter at the next meeting. It was suggested that longer meetings be scheduled. It was felt that sometimes the committee is

just getting on a roll when the hour and a half is up. They committed to work from 6 p.m. to 9 p.m. They would like to complete the transportation chapter at the meeting.

Time and Date of Next Meeting

The next meeting was scheduled for Monday, January 10, 2011, 6 p.m. to 9 p.m.
